

Marking up Images on the APX SmartCapture App

1 To mark up an image, tap the image thumbnail.

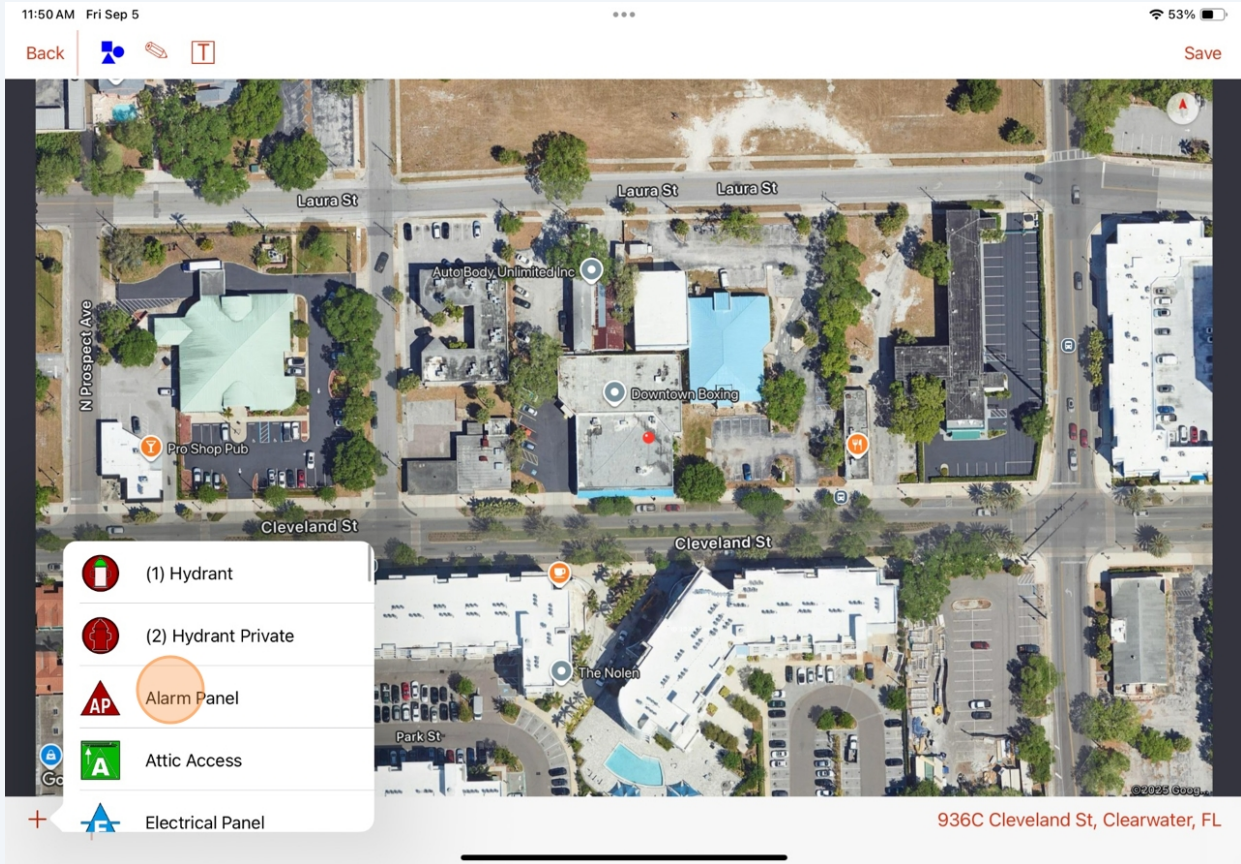

2 Tap the + button to open the icon menu.

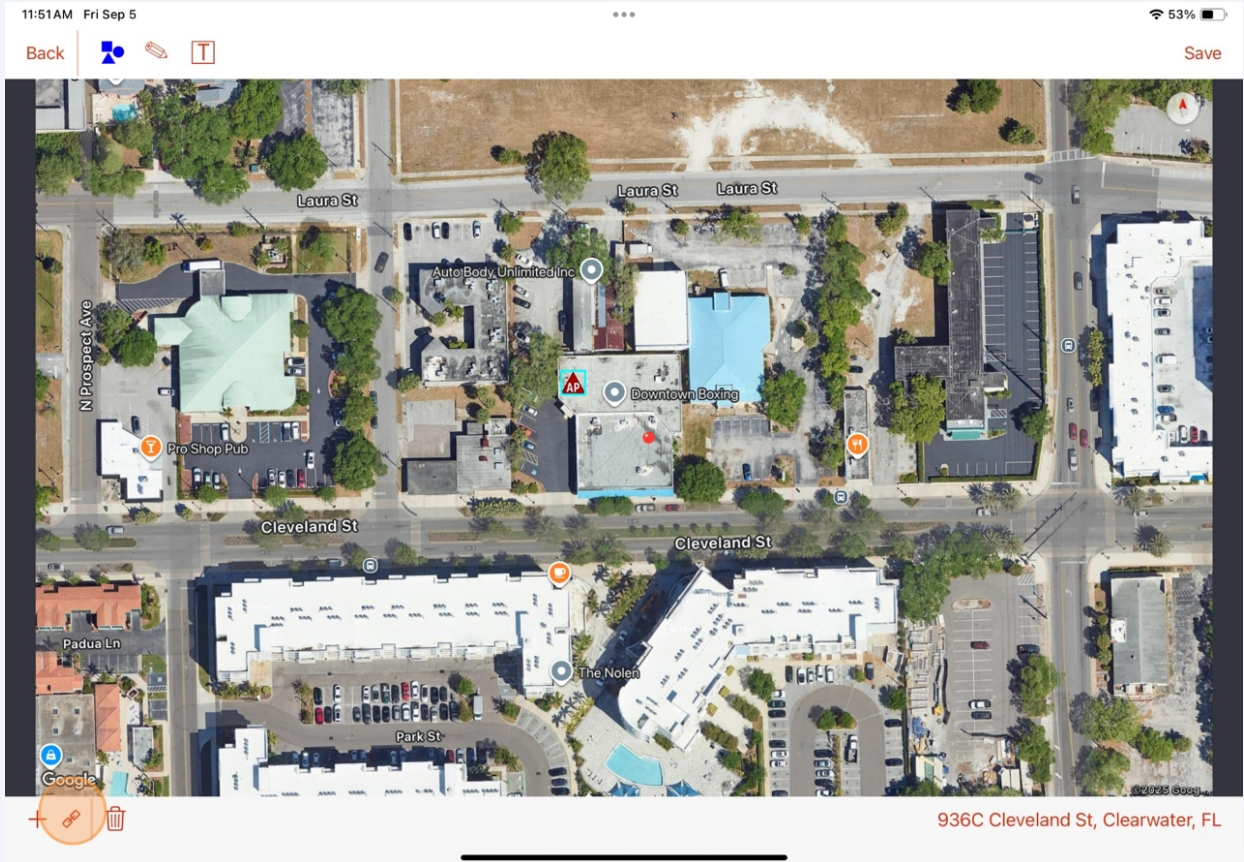

3

Select an icon to add it to the image. Tap and drag the icon to reposition it, or rotate two fingers to rotate the icon.

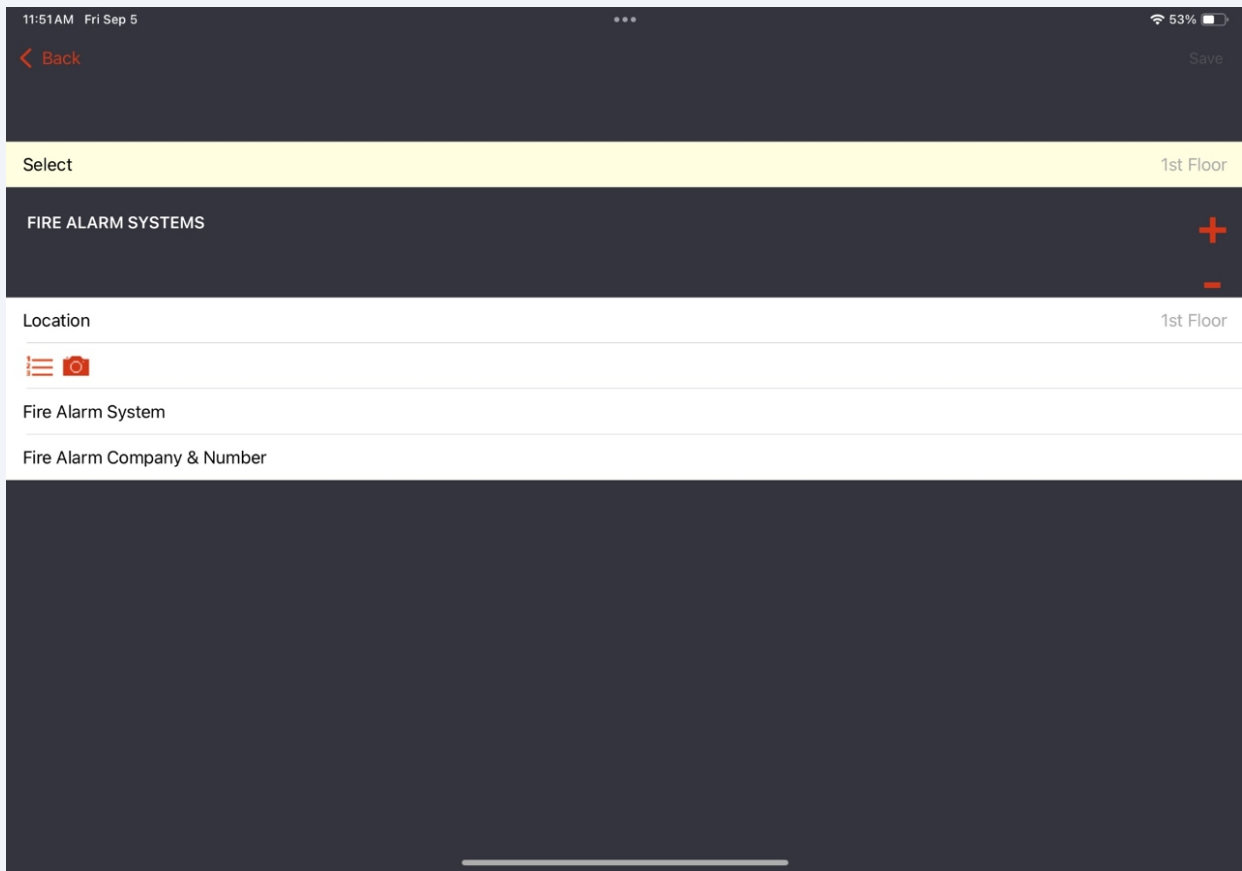

4

To set up an icon hyperlink, make sure the icon is selected and then select the link button in the bottom menu.

5

Use the provided form fields to link information to the selected icon.

6

To draw on an image, tap the pencil in the top menu. You can change your drawing color, and line thickness. Tap the eraser to enter the deletion mode. Tap here.
